SG PAM system is superior to IS 3989 Hub Systems

- Excellent aesthetics & finish
- Corrosion resistant pipes - trouble free long life
- Epoxy coated fittings to match pipe life
- No wastage + easy to cut & use
- Clean Cut - Superior heat treatment
- Fast & Easy installation - fit and forget
- Easy to replace & repair - Modular & Flexible
- Sustains higher pressure and temperature
- Available from DN 50 to DN 600

... also superior to Plastic Systems

- Demonstrated durability over time
- 100% recyclable / sustainable / green
- Non- Combustible / No smoke hazard
- Silent in operation / excellent acoustics
- No need for expansion compensator
- Fast installation - no adhesives/welding
- Easy maintenance - takes rodding knocks
- Stable + No deterioration with age
- Coupling available for plastic connection

Saint-Gobain PAM offers a wide range of products (230 references in pipes, 1460 in fitting, 460 in coupling).

Prices for products not covered in this abridged price list will be offered on request. All orders need to refer to specific SG PAM codes for items.

Saint-Gobain PAM – Globally the 1st Choice for Cast Iron Plumbing Systems
